Real Change!

We've been hearing the slogans change and stimulus everywhere. But we the Chicago Chapter of AWI are actually proceeding with change for our members. **And this change will be in our pockets!**

The Chicago Chapter of AWI is going to change our fiscal year to coincide with the new AWI national calendar. We have been using our September to August fiscal calendar as long as anyone can remember. What does this do to the members? Dues have been billed and collected for the September to August time frame, but we are changing to a January to December dues structure. The board is going to proceed with this change and what it means to our members is that we will be giving each member **4 free months of dues in this year. This is change. real change in your pockets.**

QCP Meeting - Chicago & Wisconsin Chapters combined
May 13th, 2009

Presenter: Craig Elias, Director of AWI Quality Certification Corp.

QCP, today and tomorrow.

What is QCP? Has it changed? How much does it cost? And, how can I make it work for me?

These are common questions, however, not asked often enough! We will discuss what the AWI Quality Certification Program (QCP) does, how to apply, how to avoid getting kicked out, and how its participants can leverage their accreditation.

Craig Elias has served as the AWI Quality Certification Corporation (QCC) Director since May 2008. Previously he was a project manager for a construction company after working in the architectural millwork industry for 17 years.

2009 AWI Chicago Chapter Golf Outing!
June 11th, 2009

We have a great day planned with lots of golf, food, events, and prizes! Bring a customer, friend, prospective member or a top employee for a day of rejuvenation on the green.

Send in your registration and payment postmarked by May 22, 2009 and **RECEIVE A DISCOUNTED PRICE!** Visit www.awichicago.org and click on the "calendar" link for more information!
